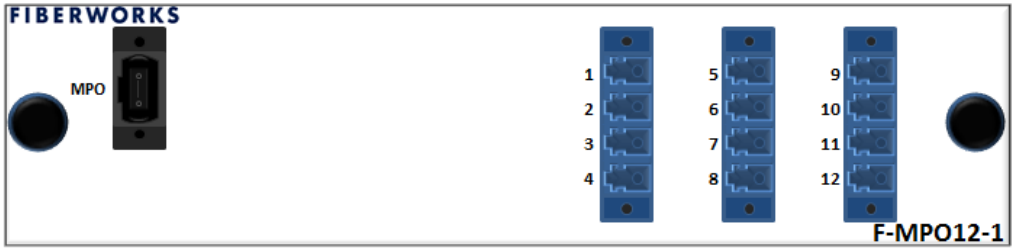
F-MPO12-1

12-core MTP/MPO mounted fan-out



DESCRIPTION

The Fiberworks 12-core MTP/MPO fan-out is a multi-fiber patch cord mounted in a standard Fiberworks module. One end is terminated in a MPO/APC connector and the other in 12 LC/UPC connectors.

Two of these modules fit in a 1U 19” chassis . The same chassis can also accommodate the Fiberworks CWDM/DWDM mux modules.

FEATURES

- High density / compact size
- MPO/APC to LC/UPC connectors
- Protocol transparent (support 1G, 10G etc.)
- Two modules fit in 1U in 19" rack

TECHNICAL DATA

Parameter	Unit	Value
Insertion loss	dB	< 1
Return Loss	dB	> 55
Operating temperature	°C	-40 to +70
Dimensions (H x W x D)	mm	43.6 x 183 x 118.5
